Subject: Unavoidable Impact to orders due to COVID-19

Dear Customer,

The purpose of this letter is to formally notify you of unavoidable impacts to your order(s) due to the COVID-19 Pandemic as announced by the World Health Organization. We are notifying you as soon as we have become aware of these impacts to you orders.

By order of the Mexican government, our Nogales operations will close for production starting April 1, 2020. Based on current guidance from both State and Federal Governments, we estimate that we will resume production in 30 days. Any order in production or due to ship between those dates along with the follow-on schedule is potentially impacted.

Please be assured that we are doing everything possible to meet our commitments and to support you through this crisis, but, our first priority is the health and safety of our employees and their families and on following government directives as they evolve. Please understand that it may be difficult for us to provide precise impact and recovery details due to the rapidly changing situation for us and our suppliers but that we are committed to providing more clarity as the situation becomes more stable.

Sincerely,

Brian Montgomery
