

## MEMORANDUM

**Date:** May 4, 2020  
**To:** Distribution  
**From:** Eric Rushbrook   
**Subject:** Amphenol India Bangalore Operations Closure

Our Amphenol India manufacturing operations in Bangalore are opened and operational at a limited capacity. Logistics and limited workforce remain a challenge but they are committed to increasing plant utilization as quickly as possible while protecting the health and safety of their employees.

They continue to have staff working from home in a non-manufacturing capacity who will be supporting product engineering, customer service and sales operations.

Product lines produced at this location are as follows: M85049, MS25042, and MS25043.

We will be working with them to understand the potential impact to your current backlog and any changes to the delivery schedules which will be required.
